WHEREAS, the Public Schools of the State of Texas impact millions of students and personnel and have a profound effect on educational, social, economic and public health issues and are integral to the general welfare of the State;

WHEREAS, the Public Schools of the State of Texas are charged with the task of caring for, educating, nourishing and providing extra-curricular activities to millions of Texas students 5 days a week thus allowing a vast number of parents the opportunity to engage in gainful employment to support and nurture wholesome home environments for our Texas students;

WHEREAS, the Public Schools of the State of Texas are dependent on dedicated school personnel from administrators, teachers, educational and professional specialists to clerical, maintenance, transportation, child nutrition, security and other support staff to conduct the day to day operations of our schools and ensure the mission goal of the efficient delivery of instruction;

WHEREAS, although our District and our personnel as well as Districts across the State have responded heroically to the challenges brought forth by COVID-19 regarding the delivery of instruction, issues persist in the quality of learning especially among students that would most benefit from live, face to face instruction;

WHEREAS, the Texas Department of Health recently reported 31,678 students and 18,742 school employees tested positive for COVID-19 and the Board, having a substantial public interest in protecting the health and safety of its students, staff, and community, therefore, desires to ensure that the School District and community be prepared to the fullest extent possible in light of COVID-19;

WHEREAS, it appears that through the significant efforts of the public and private sectors, effective vaccines may soon be available to administer to our citizens in an effort to thwart the spread of the COVID-19 pandemic and return our lives to a semblance of normality and stability;

WHEREAS, the State of Texas convened a team of external and internal subject-matter experts into the Expert Vaccine Allocation Panel (EVAP) to develop vaccine allocation strategies as recommendations to the Texas Commissioner of Health including guiding principles for the equitable distribution of the vaccine across the State which appropriately prioritize making vaccines available to **FRONTLINE WORKERS** and vulnerable populations;

WHEREAS, in order to balance the educational, health and economic issues described above, the Governor of Texas, the Texas Commissioner of Education and the Texas Education Agency prescribed guidelines and directives to Public School Districts to currently make available live instruction to those students who request it and to continue to aggressively phase in live instruction for all students in the near future;

WHEREAS, the Board and Administration are following advice and directives from federal, state and local authorities in responding to COVID-19;

WHEREAS, Texas Public School District personnel are essential to the day to day operations of a District as described above and critical for the resumption of live, face to face instruction;

WHEREAS, Mr. Ruben Cortez, Jr., District 2 Member of the State Board of Education recently requested of the Governor Abbott that School District employees State wide be defined as **FRONTLINE WORKERS** for purposes of vaccine allocation and the Board wishes to join Mr. Cortez and support him in his request to the Governor.

IT IS THEREFORE RESOLVED THAT the Board of Trustees finds a substantial public purpose exists in requesting of the Governor and EVAP that all Public School District personnel be designated **FRONTLINE WORKERS** as that term is defined by EVAP and as essential **FRONTLINE WORKERS** be given appropriate priority in the State wide administration of the COVID-19 vaccine as it becomes available.
