

The PSJA ISD Student Ambassador program is an initiative through RGV LEAD, where students represent not only their high school campuses, but also our region at internal and external functions. PSJA ISD students are district and RGV LEAD representatives that play a crucial role in campus and community activities.

As a PSJA ISD Student Adviser you have the opportunity to mold, mentor, and coach young aspiring students that will become our future workforce and community leaders.

The table below captures some of the commitments and roles that as a PSJA ISD Student Ambassador Adviser, you are expected to fulfill in order to receive the appropriate PSJA ISD stipend.
